Welcome to O'neil Cinemas!

O'neil Cinemas is committed to providing our customers with the best possible movie theater entertainment experience. We take pride in our free and ample parking lots, spacious and clean interiors, tiered stadium seating, digital sound systems, extra wide seats, cutting-edge gaming areas, D-BOX and 3D movie seating, high-quality refreshments and state-of-the-art digital projection systems.

Our movie theaters are hi-tech premier movie entertainment centers, and we host tens-of-thousands of people each year. As we evolve and flourish, we will welcome greater numbers of moviegoers through the doors of our existing theaters and into our beautiful new megaplexes of tomorrow.

Our Brickyard Square theater located in Epping, NH is one of the select theaters in the state to offer the DBOX viewing experience, which makes movie-goers feel like they're immersed in the movie. The theater also includes other amenities like 3D, early Thursday night showings, and Sensory Friendly Flix for families affected by autism and other disabilities.

In the fall of 2017, O'neil Cinemas will open a new location at The Point in Littleton, Massachusetts. This complex will include all-stadium seating, 7.1 Dolby Digital Surround Sound, Vivid 4K Digital Projection, 3D viewing technology, closed captioning, all-leather deluxe loungers, a Grand DLX Auditorium with a 72-foot-wide curved screen, a Dolby Atmos three-dimensional sound system, and the Backstage Lounge restaurant that will serve gourmet food and alcoholic beverages.

O'neil Cinemas likes to be involved with the local community via its O'neil Cinemas Cares program, which in the past has partnered with organizations like Big Brothers Big Sisters, American Red Cross, Salvation Army, the United Way, and more.

In the coming years, we look forward to opening dynamic new movie theater entertainment centers, and welcome your loyal patronage. Our goal is to provide you with exceptional value and an outstanding total movie and entertainment experience.

About the O'Neil Family:

The O'Neil family has been in the movie business for more than 40 years. In 1974, Dan O'Neil Sr. formed a partnership with his brother, Timothy, and opened their first cinema in Slidell, Louisiana. Eventually, the company expanded throughout eight Southern states and grew close to 200 screens.

In the early 1980s, Dan Sr. sold his interest in the Southern company and moved his family back to New England, where they opened cinemas in New Hampshire and Connecticut over the next couple of decades. In 2012, Dan Sr. and his company constructed a 12-screen cinema at the successful Brickyard Square in Epping, NH.

Today, President and CEO Dan Sr. works closely with sons Dan and Tim, Executive Vice Presidents of the company, to maintain the vision and focus to provide an excellent customer experience and service that is second to none. The O'Neil family has a proven track record of success in launching new business and directing operations in a multi-million dollar company.
